FOREWORD

With great pleasure I present the Willenhall foreword. This is the most luscious herd to come available for sale in some time. The Willenhall pedigree prizewinning Holstein herd is a treasured gem to the current owners Roger and Lin; they have put decades of work in to sculpturing this beautiful herd of cows. It would certainly come as no surprise that this has been far from an easy decision to make and it's with a real heavy heart they have decided to cease milk production at Little Hall Farm, Bettisfield. The time has come for Roger and Lin to embark on their next chapter; therefore they would like to share their precious herd with all fellow dairy farmers looking for quality stock.

The herd is on wonderful form today, they are incredibly uniformed. Years of using top genus genetics this has paid off hands down, leading to an even herd of medium sized, balanced cows which walk superbly on outstanding legs and feet. Their udders are just a dream, high, wide and well attached. Cow families and rock solid genetics have ensured that they are always in the prizes at herd competitions and you will see pictures of the fine silverware over the next few pages. Roger, Lin and their family can certainly be very proud of all that they have achieved with the herd over the years.

The milk production is currently pouring at 9320kg 4.45% Fat 3.23% Protein CC 152. This is a herd of cows which will certainly suit many different farming practises and indeed for those wanting quality cows which have been bred for longevity and to be trouble free. For many years I have been associated with the herd, sold many animals through sales and the animals have always exceeded purchaser's expectations resulting in them coming back for more! They are just perfect cows for modern dairying.

The management at Little Hall Farm is second to none. The devoted owners and their incredible team have managed these cows superbly and this will soon become apparent when you read the catalogue and see images of the girls. The herd is milked twice daily through a herringbone parlour. At the barrier they receive a total TMR ration, housed in cubicles and during the summer months graze, the herd follows and all year round calving pattern.

The herd is vaccinated for BVD, Lepto and IBR; the boosters were administered in March 2020. Ringworm and pneumonia have been administered by vet techs from LLM. LLM are also responsible for routine bi- week fertility visits and the herd is John's monitored.

Further to this stunning herd of cows, the in-calf heifers are well grown, show much promise and will certainly be a wonderful addition to anyone's herd. I cannot recommend Willenhall Holsteins enough and urge people not to miss the opportunity of securing genuine animals from truly genuine people who have and will continue to be great ambassadors of UK dairying!

Best wishes to everyone who is lucky enough to secure from this herd, and for one last time, after many times of using the phrase when auctioning these quality animals ...

Where there's a WILL, there's a WAY!

Add some Willenhall beauties to your herd today!

Stuart Hassall

OUR WILLENHALL HERD

It is just over the 60 years since Edwards Cows have paid the rent at Little Hall Farm, on the outskirts of Bettisfield. Our farm straddles both England and Wales, with the Welcome to Wales signpost 300 metres away from the farm.

To begin our story, throughout the 1960's and 70's our herd was traditionally British Friesians. Convincing my father to change direction to Holstein, wasn't easy, as traditions were deep rooted. I was 'allowed', to experiment, in the early years. I was the keen middle son, having come through Walford Agricultural College, Shropshire.

I took over the tenancy of the farm in 1985.

We took the decision to grade up our herd in December 1988. Dick Stapleton sat in our office and helped us on our journey. Our first calf registered we christened Alice and her sire Genus Foxhole Panatella. It was quite a task, sketching calves back then for the society.

I had full control of breeding at this point and Genus were now our chosen partners to breed up from our original base.

Celsuis was nominated in the late 90's, Marconi, brought in 'whiter cattle', which farmers were unsure of back then. We personally love them. Some of our best cows have been more White than Black.

Moving forward, the big changer to our herd was the Almighty 'Picston Shottle'.

We were still using traditional proven sires, selected for good type, nothing less than 2 points, with good legs and feet and improvements on milk yields, fat and protein.

Working ever closely with Genus and David Gough our breeding advisor, we carefully selected sires that would continue our development. Matson, Zebra, Bossman, Captain, Corinthian, Liftoff, Classic, Loveheart, Fantasmic, Seagull Bay Silver, Allstar.

All these cattle in our herd, are fabulous contributors to the production of good quality Milk.

Further progress was made with the commencement of RMS coupled with sexed semen. We started with the cows, but very soon continued onto the replacements. We currently serve all replacements heifers and first and second lactation cows, to sexed genomic sires.

New heifers entering the herd are moving our wonderful Willenhall, yet again in an upwards direction. Dalliance and Trix progeny are looking great, yielding great, are a pleasure to work with and winning Best Youngstock awards.

A massive Thankyou to David Gough, for your great guidance in breeding our wonderful Willenhall.

Beef calves are sold, and heifers reared locally on two other premises within a mile of each other. Depending on space, they move at 6-8 months and return to calve at Little Hall.

Cows although managed in two/three groups for accommodation purposes, are fed one ration, based on Grass Silage, Maize,

Alkalage, Blend, Mollasses and Protected Fat. The blend being formulated and reformulated at various times of the year, in conjunction with our farm Promar consultant.

No feeding in the parlour, with the herd averaging over 9000 litres/cow.

We have sold some of our heifers privately a few years ago. The Sutton family at Oakhanger, purchased 5, then kept coming back for more and more freshly calved heifers. They ended up with nearly 50 heifers.

A classifier around the time the Shottles were calving down as heifers, having inspected the herd, said "There are your 4 heifers for Nantwich Show. Sadly, we never got there. Two of those heifers became 9th and 10th Lactations cows. They were known as our 'two queens'".

Moving forward with this story to present day, we have no successor for our Wonderful Willenhall. Rog is 63 and me now 58. Our long days need to be shortened, so we are currently building a Touring Caravan Park, on the little quirky Farm, 500 metres away and in England.

It took a 3-year battle, and here we are with the Shower Block almost completed.

TO BELONG

We always knew this time would arrive, where we would have to say goodbye.

To part with everything you have bred, treasured and loved, is one of the hardest moments of a dairy farmers life. We are both in total awe, of the amazing herd, WILLENHALL has become. Each heifer group, over the decades has moved our herd forward. Years ago, you would get a number that would set themselves apart. Today the whole group are top class. That's a wonderful feeling.

The Genus Genetics in the youngstock, WOW. What an amazing herd, they will all make.

WILLENHALL

Our name came from our two homes, Willington and Little Hall. 'Where there's a Will, there's a Way', our trading logo. Those few words, pretty much sums us up. We have a strong Will, to always do the very best in everything we do.

Our cattle are intelligent, talented, calm and kind.

It has been our greatest pleasure to **BELONG** to a group of totally amazing people, who contribute so much to feeding our nation. Our total admiration goes to older farmers who have managed to keep our businesses going, no matter what we have faced, over the last few decades. To the younger generation, who embrace all the wonderful technology available in our modern world. We salute you all.

HIGHLIGHTS

1. Being a 'Girl Friday'; Rog, I totally SALUTE you. All your decisions have made our herd what it stands for today.
2. Sweeping the board at the Shropshire NMR competition. We won 6 out of the 7 classes. Following that, we won a further 'Best Herd Competition' we were invited to enter. Last year it was the turn of our Youngstock to win. They have also just won again.
3. When you get a 3min moment, use it. I only got mine, because Rog and I had both been run down by the massive JCB tele handler working the Maize Clamp. At the Tesco Conference a month later, using the guise of Health and Safety on farm, I defended the outstanding room of 800 dairy farmers, when QVIS was first introduced!

It was the month of November, where we respect and salute our armed service. Air, Navy and Military, all have their own SALUTE.

I feel for a long time now, we have become 'The Forgotten Army'. Our amazing farmers feed our nation. That day, at the end of that speech, I created our own Salute. For those not present, at that Conference, I will show you again at the Willenhall Sale. Ours is totally different from any of the other salutes. You begin by kissing the ends of your fingertips and then extend both arms out, as if you were to embrace. Try it, it is very easy. Hoping you have mastered our Salute by the time of our sale.

Life is indeed like a box of Chocolates. 'You never know what you are going to get'.

One thing I am sure of, as we bring an ending to our beloved Willenhall, is.

Our amazing United Kingdom farmers never fail to deliver food.

The humble, beautiful dairy cow, so immensely talented.

Milk is life's Kindness And Kindness is life's Milk

SPECIAL THANK YOU

To Mr. David Bostock.

A sincere 'Thank you', David, for calling in last year and offering your services to help manage our herd sale. You will never know how much your total expertise and 'safe hands', have meant. Having you on board, has made a very difficult job, easier for Rog and me to handle. I am sorry about all my tears!

Thank you to Richard Bostock, your extremely talented, dedicated dairy specialist, son. What a tremendous duo, you both are.

The photo shoot, you both spent the weekend of 7th & 8th March preparing for. The Daffodil shot of Katelyn on the lawn was inspirational. The video clip I took, of you Richard, actually lying in a puddle of water to get that right angle, with Katelyn looking at you, fully stretched in the puddle, a moment to share with all our sale journal readers.

To Stuart Hassall and your superb team Lesley, and my old school friend Jen. A MASSIVE THANK YOU, for all your efforts in bringing together, our Willenhall sale.

It has been no easy task, for Stuart, re-arranging matters, continually in Malta. Lesley in Cheshire for all the sale details and running the Online end, in the UK. Pulling together the Sale details, whilst lambing and caring for a family, inspirational.

My old pal Jen, for just being there, on the end of the telephone. Seems a long time ago, when we did cookery together at school.

Thank you, Jonny Diamond and Alan Gittins at Halls, Shrewsbury. Willenhall were coming, until they couldn't. We will miss not being able to show them off properly, for the wonderful cattle they are. Also, we will miss Richard's Tinsley's 60 years working at Little Hall, special presentation that day.

I don't think you quite believed me when I informed you, we were having our Sale Cover, painted!

Thank you to Seth Earl, talented artist and his lovely wife Annie from Capel Clay, Y Bala.

You captured everything perfectly. You have painted all sorts of Wedding and Christmas presents for us. I should never have informed you, "This work is the most important art, you will ever paint for us Seth"! No pressure. You totally nailed it Seth.

Mike Christie LLM vets, Andrew Hawkins, Promar, Steph Hurstfield, Massey's Feed. Thank you all for your expertise in keeping Willenhall, super fit and healthy.

To Phil Shakeshaft and his team for his tireless efforts in the fertility of the cows and heifers.

To Jo Whitlow, for all your expert foot trimming services and keeping our herd on all four feet.

Lastly in this piece a Massive Thankyou to our wonderful team of staff at home.

Special Thanks to John Parker from Bettisfield Hall Farm who has reared all of the Youngstock for the last decade.

Mr. Richard Tinsley started work at Little Hall, in 1960. Aged 15. Now 75 he has just celebrated 60 years as Tractor Driver on our Farm. Well done Dick.

Mr. Dave Pilsbury, Mr. Mark Betley and Mr. Rob Williams. Thankyou.

You wouldn't expect a pony to be in a Cow Journal either.

Our treasured pony, Pocohontas. You were part of our great team. Thank you for all those happy memories you brought us, with your showjumping talent and for me, rounding the cows up on a sunny day.

Veterinary Note

LLM Farm Vets have been responsible for the veterinary care of the Whillenhall herd for over twelve 12 years and I have personally been involved in the health and fertility of the herd throughout this time.

The passion, enthusiasm and dedication from Roger, Lyn and the staff, has been evident to anyone who has worked with the herd. I don't think I have met a couple so passionate about dairy farming and have always flown the flag for the modern day dairy farmer and the challenges the industry faces.

Over the years, Roger and Lyn have built up a herd of excellent genetics using AI mainly and some embryo transfer. The importance of the herd's health is illustrated by the fact that vaccines against BVD, Leptospirosis and IBR have all been boosted in March 2020. Ringworm and Pneumonia have been administered by our VetTechs. The farm is visited every 2 weeks for routine fertility work as well as facilitating continued proactive veterinary intervention in collaboration with other advisors to the farm. Roger and Lyn are well known for the quality heifers that they have sold in the last few years.

We wish Roger and Lyn the very best for the future and I am sure their enthusiasm will drive them to future success in life post-dairy farming.

Bred & Owned by Roger and Lyn Edwards, Bettisfield.

A note from David Gough
Breeding Advisor
Genus ABS

The goal we've had in the breeding decisions we've made over the last few years, has been to produce a cow that not only looks right but milks right as well.

PLI, fertility, production and capacity have been the main focuses in order to achieve this.

Using high PLI as the first filter in our breeding decision, no point in breeding an animal that isn't going to be profitable, following this strategy means that our youngstock are now in the top 15% for PLI nationally (source, AHDB herd genetic report). The advent of genomics has seen us make great strides in this area and we have primarily been using bulls just on their genomic data.

The focus on fertility has also been key. We use the Genus RMS service and on top of that, make conscious decisions, to only use positive fertility bulls. Breeding cows to have higher levels of genetic fertility, along with RMS, has seen our pregnancy rate be consistently above 22%.

Although health traits have been a focus, we also do that alongside breeding for production. Kg's of milk, fat and protein have been high on our selection criteria, hence the use of Seagull-Bay Silver, who was the No1 bull for fat at the time but also great type and is over 3 for type merit now, with a daughter proof. He's produced some great cows for us and perfectly reflects the type of cows we love.

In terms of capacity, we like cows with wide chests and rumps. We believe, cows need these traits, not only to cope with the rigours of daily life in a herd but also to, for them to be able to reach their potential both for production and longevity. Having sold many milking heifers over the last few years, we've felt great pride in the that we've had purchasers come back year after year, want more stock from us and commenting on how well our heifers have fitted into their own environments.

We've used the Genus GMS mating programme, for many years, to help achieve all this. This helps us to select the right bulls and then makes sure that inbreeding is kept low and that recessive genes are being corrected.

ONLINE TIMED AUCTION

The process explained.

Due to the challenging and frightening situation that we find ourselves in currently we are using an ONLINE TIMED auction to disperse the herd as planned on Thursday 16th April. The Auction will end at 8:00pm on that date and will be open a couple of days before.

To comply with COVID-19 social distancing we are having viewings of the herd by strict appointment. Contact Lesley for full information 07503174433

The viewings will start week commencing the 13th April, it is expected for all seriously interested parties to have registered their intent with us as soon as possible.

Animals have been grouped in lots of approximately ten in a lot of matching credentials (such as calving pattern etc) these animals will be clearly marked when attending the viewing so purchasers can see what they are bidding for, the catalogue is lotted the same way to avoid confusion.

We stress that you ensure you are happy with the lots that you bidding for.

If you win the auction all animals in that group become yours.

As soon as the link is available, you will be able to access this through the Hassall Brothers website and also the social media platforms.

You will need to register to bid

The online auction will allow the purchaser to place a bid on the platform as at the auction this will automatically go through the increments to your maximum bid if another party bids against you, this will be clear to see on the screen. If this is something new to you and you do not feel comfortable, please call us and we can assist you in many different ways.

If you are successful in your bids, you will be able to arrange collection of your stock, once full payment has been made.

Please note all the usual guarantees apply and the animals being pedigree are sold in guineas

This is a very clear and transparent way to bid and we are very excited about the concept, allowing purchasers the opportunity to secure dairy stock during these difficult times, as we appreciate that you still need dairy cows to produce milk for the nation.

Kind Regards

The Hassall Brothers Team

Genus ABS Products & Services delivering Profit from Genetic Progress...

Dairy & Beef Genetics
Artificial Insemination
Reproductive Management
Genetic Services

Udder Care Products
Forage Inoculants
Sexcel® Sexed Genetics
Fertility Advice

Genus ABS are proud to sponsor the dispersal of Willenhall Holsteins. Willenhall have been customers of Genus ABS for a number of years and we have thoroughly enjoyed working with the Edwards family and their herd. During the time that we have worked together, the herd has grown and benefited from Genus ABS' many products.

We wish Roger and Lin the very best in their next chapter.

Are you looking for a new
and exciting context for your

STEM teaching?

**Engage your learners
with free, meaningful
cross-curricular STEM projects.**

For more information contact:

**Group Secretary: Jo-Anne Prince
NFU Cymru Hamner,
Agriculture House, Hamner,
Whitchurch, Shropshire SY13 3DQ
Telephone: 01948 830211**

Benefits:

- High quality, practical Science planning that delivers National Curriculum objectives in a real life context.
- Increased engagement in Maths through meaningful, real life tasks.
- Financial literacy embedded into curriculum teaching.
- Improved understanding of nutrition and food provenance.
- Business concepts introduced.
- Opportunities for team-work, problem-solving and public speaking skill development.

Visit **www.nfueducation.com** to download the free projects!

Stalwart Dick tells of his 60 years of farm life

BY IAIN ST JOHN

A dedicated farm worker has celebrated 60 years of working on the same farm.

Richard 'Dick' Tinsley has been at Little Hall Farm in Bettisfield since January 1960.

The incredible achievement was marked with a presentation of a painting of the farm to Dick by Roger and Lin Edwards from Little Hall Farm.

The painting was inspired by a photograph in The Farmer of the farm taken in 1984. The painting was done by local artist Gill Butterworth.

Dick said: "I started work at Little Hall, Bettisfield on January 19 1960. I was 15-year-old. In those days there were three members of staff. We did everything by hand. Everyone had to learn a skill. Little Hall Farm was a mixed farm.

"My designated job was 'tractor driver'. My tractor was a Massey Ferguson 35x. without a cab. I was responsible for doing all the tractor work, which included muck spreading, ploughing, sowing, bailing, hedge-cutting, ditching, hedge laying, mowing, picking up the grass for silage, topping and tailing of root crops.

"One of my first jobs in the morning was to go into the field at 6.30am to top and tail turnips and by God it was cold! I did not know I had fingers! One story I remember is an old gentleman called Fred. I was 15 and he was 55 years old. We had to muck out the calf kits. I was about to show him how it was done! I went at it 'like a bull at a gate'.

"Needless to say, at lunchtime I was red faced and shattered and Fred was still going, a lesson well and truly learnt! I would go and collect cattle feed from Bettisfield station in the early days. It is no longer there now. The cattle feed now comes in bulk.

"In 1968 the farm contracted Foot and Mouth disease in January, which was devastating, but by March we had re-stocked. In 1969 we had a new milking parlour, replacing the pipeline with a bulk tank plus new kennels and lagoon. We had gone up in the world.

"In 1985 Peter Edwards retired and his son Roger and Linda took over the farm. This is when the real changes were made. Additional silage bays, kennels were replaced with cubicles housing, sheds to cope with the ever-increasing herd, which went from 60 in 1960 to 270 in 2018. During the early years of my farming, although we were very busy, we were very happy. This is all gone now. The contractors arrive with no time to spare, rushing to get to the next farm. From this time, I feel that the farming industry is no longer the same. The peace and tranquility of farming life has gone.

"There is not a lot to encourage the younger generation to take up farming. I have thoroughly enjoyed my 60 years farming and still do. I now work three days a week plus I am fortunate to be a special part of the Edwards family.

"I would also like to thank my wife Pauline. It was never easy for her to bring up my children when I was working very long hours."

Roger Edwards said: "I was three years old when Richard started at Little Hall all those years ago, so my memories of him go deep into my childhood. How he would babysit us as kids and play football with us in his dinner hour, when we were a little older.

"The first big memory has to be Foot and Mouth in the late 60s, how Dick had to stay with us at Little Hall, whilst we were under movement restrictions. Following Foot and Mouth, farming

Dick Tinsley with Lin and Roger Edwards

went through an improvement period, whereby milking parlours and cow kennels were installed.

“This meant milking more cows, so machinery was improved. Tractors became bigger and silage replaced hay as the main forage. I think these were his favourite times as we started to make our own silage as well as growing our own cereals. I can remember silaging for a week in lovely sunshine. Something we don’t seem to get much of nowadays.

“Unfortunately, as machinery became more expensive to run and labour much harder to find, agricultural contractors moved in with their big self-propelled harvesters capable of doing in a day what took us a week.

“All this has meant that Richard’s role has changed immensely over the years. He has had to adapt to it. We supply Tesco with our milk. Our standards have to be second to none. In order to achieve that we need fully committed staff, like Richard has always been.”

Lin Edwards said: “Match Dick if you can? How many in the UK have held a job for 60 years and counting?

“Farming has changed so much throughout this time in so many ways. More buildings, another bigger parlour, more acres, more cows, more locations to operate from.

“The only thing throughout this time, that has not changed in any way, is our devotion to the beautiful, humble dairy cow.

“For me at Little Hall, it has all been about teamwork and great team players. Diligently building up a wonderful herd.

“Our Willenhall Herd, of Pedigree Holstein Friesian Cattle, we treasure, beyond all measure and are the sole reason we all work as hard as we do. It has been our greatest privilege to offer jobs in the wonderful countryside for all this time. Long may it all continue.”

In Calf Heifers

Young Stock Winners of Wem & District & Shropshire NMR, BEST In Calf Heifer Group

TESTIMONIAL

We have purchased heifers from Roger and Lin's wonderful Willenhall herd over the last 7 years. All the heifers have turned out to be great cows and have a genuine stamp of quality. They are productive, healthy, long living animals. We have no hesitation in recommending them and wish them well with their sale.

SALE OF GOODS BY AUCTION – GENERAL CONDITIONS

1. Lots

1.1 The Buyer is deemed to have inspected any lot he buys and accordingly the lots are not sold by sample.

1. 1.2.1 The Buyer admits that he has not been included to bid by any description representation measurement or statement made by or on behalf of the Seller and agrees that (apart from the agreed price and any matter confirmed in writing by the Auctioneers) these Conditions constitute the whole of the contract.
2. 1.2.2 The Auctioneers act only as agents for the Sellers and will not be liable to the Buyer in any circumstances and have no authority to make any such descriptions representations measurements or statements.

1.3 No warranty is given or implied as to fitness for purpose or the quality of lots sold.

2. Sales

1. 2.1 The highest bidder for any lot shall be the Buyer and the contract shall be concluded on the fall of the hammer.
2. 2.2 The Buyer may not retract his bid in any circumstances.
3. 2.3 On the fall of the hammer the Buyer will immediately give to the Auctioneers his full name and address and if required will pay the full purchase price.

3. Payment

1. 3.1 In any event all lots purchased must be paid for in full on the day of sale. No lot must be removed from the sale premises until it has been paid for in full.
2. 3.2 Cheques will be accepted in payment only with references satisfactory to the Auctioneers.
3. 3.3 From conclusion of the contract any lot will be at the Buyer's risk in all respects.
4. 3.4 This market is not required to comply with the requirements of the members accounts regulations of the Royal Institution of Chartered Surveyors. No monies paid to this market are covered by any scheme for the protection of clients money operated by the Royal Institute of Chartered Surveyors. This notice is published in accordance with the requirement of the Royal Institute of Chartered Surveyors from whom a more detailed explanation can be obtained by writing to the Standards and Practice Department, The Royal Institute of Chartered Surveyors, 12 Great George Street, Parliament Square, London, SW1P 3AD.
5. 3.5 The Buyer shall not withhold payment for any Lot by reason of any right of set off or counter-claim which the Buyer may have or allege to have or for any reason whatever against the Seller or the Auctioneers.

4. Disputes

1. 4.1 In the event of dispute as to bidding the Auctioneers may either put up and re-offer for sale the lot or lots in question or may decide the dispute.
2. 4.2 Any other dispute arising in any way out of any lot or its sale shall be decided by the Auctioneers.
3. 4.3 The Auctioneers' decision in any such case shall be final and binding in all respects.

5. Title to and Removal of Lots

1. 5.1 All lots purchased shall be removed on the date of sale at the Buyer's expense.
 2. 5.2 The Buyer will be responsible for any damage caused in the course of such removal to other lots or to any part of the premises on any part of which the auction is held regardless whether such damage is caused by the Buyer, his employees or agents or otherwise and whether such damage is a result of negligence or otherwise. Notwithstanding Condition 3.3 and the removal by the Buyer of any Lot, title to such Lot shall not pass to the Buyer until: -
 1. 5.2.1 The Buyer shall have paid the Purchase price in full and
 2. 5.2.2 No other sums whatever shall be due from the Buyer to the seller or the Auctioneer.
- 5.3 In respect of any such damage if so required by the Auctioneers the Buyer will pay the cost of repairing all such damage (as estimated by the Auctioneers whose estimate shall be final and binding) before removal of any lots. Until such payment is made the Buyer grants the Seller and/or the Auctioneers a lien over any lots bought by him.

6. Conduct of the Auction

1. 6.1 The Seller may offer any lots subject to a reserve price.
2. 6.2 The Seller or the Auctioneers may: -
 1. 6.2.1 Bid up to such reserve price.
 2. 6.2.2 Withdraw from sale any lot without disclosing a reserve.
3. 6.2.3 Rescind any sale within 3 hours of the final lot being sold if the lot has been sold under any reserve. In the event of such rescission the purchase price or any part already paid by the Buyer shall be repaid but the parties and the Auctioneers shall be under no further liability to each other.
3. 6.3 The Auctioneers may refuse the bid of any person without giving a reason and may regulate bidding as they see fit.
4. 6.4 No bidder may advance less at a bid than the sum named from time to time by the Auctioneers.
7. Neither the Seller nor the Auctioneers shall be liable in any way for any loss or damage on any part of the premises on any part of which the auction is held.
8. In the event of breach by the Buyer of any of these conditions the Auctioneers may rescind any contract with the Buyer and put up and re-sell any lots the subject matter of such contract and the Buyer will immediately pay to the Auctioneers as a liquidated demand any deficit arising on the second sale.
